

Welcome to the fourth advanced EASC course (A-EASC). This course builds on the award winning EASC course which were first held in Donegal Ireland in 2012. EASC Courses have expanded around the World, and are now run in 12 countries and have been attended by over 1500 surgeons and residents. EASC is regarded by the majority of participants as one of the best courses they ever attended.

EASC curriculum focuses entirely on the acute abdomen, in a multidisciplinary shared learning approach. The course is an endorsed course of WSES. The first aEASC was held in Mangalore in 2021

Course Goals

- **Complex emergency surgery cases**
- **Identify mistakes to be prevented**
- **Discuss advanced surgical techniques**

Who should attend ?-

Consultants and Fellows who want to be more confident in their care of emergency surgery patients. This course will change your practice.

This course will make you think about what you do when you next on call as a Consultant. Advanced EASC will bring you all the latest updates combined with the faculty wealth of experience.
