TRISC Annual Meeting - April 19th, 2023

Join us for this year's **TRISC Annual Meeting!**

This year's meeting will once again be held virtually over Zoom.

Watch for registration details coming soon.

The TRISC Annual Meeting is part of the pre-conference activities held on April 19, 2023 in conjunction with the **Trauma Association of Canada's Scientific Meeting and Conference**. Look forward to opportunities to connect with your colleagues across the country, case study discussion, and rapid fire presentations.

Rapid Fire Presentations allow members to share their work with opportunities to learn from each other.

Call for Rapid Fire abstract submissions — Do you have a project or information you would like to share with colleagues? Past presentations have included topics such as: AIS Certification, Quality Indicators/Initiatives, Injury Matrix Design and Development, and Interrater Reliability — if you're working on it, we'd love to hear about it!

Abstract submission deadline is **March 17, 2023.** Please find the abstract submission form attached to the email.

The TAC Scientific Meeting and Conference is *in person only* this year, in Edmonton: April 20-21, 2023.

If you are planning on attending the TAC Conference, early bird pricing ends January 31st!

Get your ticket here: Registration Link

TRISC Coffee Call Summary

On January 16, 2023, TRISC Members from across the country gathered for a networking opportunity and to discuss a case study shared by our ITNC colleagues.

We spent an hour together enjoying our beverages of choice and discussing the similarities—and differences—in the ways we capture data at our sites, in our regions, and our provinces.

Members shared what they value the most about being TRISC members — **connecting and networking** were definitely highlights—
so stay tuned for more Coffee Calls in the future!

Call for Case Studies/Discussion Topics/ Guest Speakers

TRISC is your organization! Help us shape the future of TRISC!

Do you know someone who would be a **great guest speaker**?

Or have an **interesting case or topic to share**?

Submit your ideas for upcoming TRISC Meetings or Coffee Calls to:
TRISCexec@traumacanada.org

TAC Membership Update

In the fall of 2022, the TAC Board of Directors voted in favour of **reducing the annual membership cost** for Data Registry/Health Information Specialists to **$75/year** (plus applicable taxes). This will be available to current members upon renewal and to new members.

In order to **take advantage** of this reduced rate, please ensure you select "*Non Medical Professional*" as your Membership Type, and either "*Data Registry Specialist*" or "*Health Information Management*" as your Non Medical Professional option.

In order to stay up to date on all things TRISC, make sure you select "*TRISC*" or "*Combined ITNC and TRISC*" for your Optional Membership Sub-Committee. Also note, the optional sub-committee selections can be updated on any existing membership by updating your account profile.

Please share this with anyone in your network who you think may be interested in **joining TRISC**!
